

**TIMO
WOPP**

Timo Wopp's act is inspired by the life and music of Paganini, wowing audiences and critics worldwide with a mixture of technical brilliance, a handsome stage presence and showmanship. He handles seven balls and five clubs like a magician and brings to his act the added dimensions of dance and a strongly defined character or, as the Hamburger Abendblatt put it:

“Barnstorming...an act that veers between genius and madness.”

In 2003, having won the the bronze medal at the 24. Festival Mondial du Cirque de Demain in Paris, he went on to win the Silver Lion at the Wuqiou International Circus Festival in China where he was the only solo act invited to perform at the award ceremony.

Since 2004 he has extended his range as a performer, guesting in circus and variety shows such as Roncalli meets Classic, Casino du Lebanon and the Zurich Saltonatale. 2006 saw huge successes for him in London with Medium Rare and the Electric Cabaret as well as at a private event with Sting.

In August Timo Wopp will join Cirque du Soleil to perform later on this year for two monthes at the Madison Square Garden Theatre New York.

Timo Wopp is also a business science graduate and now combines his artistic background and his academic qualifications by lecturing on how juggling can be applied to business practice.
